Va. E. Sh

P. 643 1657 Tho Teakle sold an unspecified acreage on Chaddock ck to Robt Hewitt.

1677 Hewitt left his home plant at "Choratack" to his wife Magall & then to a dau. Mary who mar. Geo. Smith.

1703 Geo. Smith died intestate and Mary then mar. Jno. Fairfax. In 1728 she & her husband deeded the 2000 of her inheritance to her son John Smith. In 1703 as a widow she had deeded it to her eldest son George, but if he died then to her son John, as George must have died, to account for the formal deed to John. Nothing more was found abt John and the next owner of record was a Huet Smith, presumably his son; 1766 he left this land to his wife Isabella & then to a gr. son Geo. Smith. Toward the end of the century he acquired 250 a of the Teakle (Hd) property land next to him on the east and in 1816 he left the property to his sons Chas John & Geo W. son.

P. 644. In 1792 Geo Teable had to
sell pt of his land to defray debts.
98 1/2 acres were purchased by
Geo. Smith In 1799 - he sold
155^{ac} to Chas Stockley & wife Anne,
wh resided to Smith, as all of Caleb
land there became merged with
the Teable-Hunt land.

Rev^d Hunt & wife Mary = Geo Smith
2nd Jas. Fairfax.

1728 - Jas Fairfax & Mary deeded to her
son John Smith.

John Smith & wife Reziah sold the
land to Tho Johnson in 1739. p. 736

will dated 1742

Va. Eastern Shore -

P 588 1653 Pat. To Capt Jna Pott for
1500a - Potts widow Susanna -
Capt. Wm. Kendall & in 1661 the pat
was reserved to him - the next year
he purchased the Ind. rts to Pyong, Kg of
Matcheewungo for "4 good coats." 1665
Kendall sold the so 500a to John
Smith & the res. 1000a - to Timothy
Co - each of whom recd a pat in his
own name, the next year 1669 - Timothy
& Sarah Co. res 500a to Jna. Robt
& the balance to Edw. Hammond

John Smith's pt - 1678 - although the survey
gave him 550a, he & wife Joyce devised
only the 500a covered by the pat as
follows: To his son Geo he left 300a
at the east end, whereon I am now
situated - To his son Joe the nt 150
& to son John the remaining 150a
He also mentioned another son Tho & dau
Dorothea & Ann, the latter being the
wife of Edw. Hammond. The widow
Joyce later married Maximilian Gore

Geo. Smith's part. He married Mary
Hitt, but he died intestate in 1703
leaving her and a son Hewitt as

heir-at-law 1706 Hest Smith left
"my plantation at the seaside" to
his gr-son John Smith, and in
1804, he left the still intact zoo a
to a son Geo. He later appeared
in the Rec. as "Geo Smith of" (for
Machipongo) to distinguish him
from other contemporaries of the
same name. He married Eliza
C Savage, sole heir of the Savage
& by marriage & purchase he
acquired a very large estate.
The zoo has there remained
in the Smith fam. since the pat
of 1666.

Picture of the home - Willowdale
The house has 2 brick ends with
glazed headers & on one of the
bricks on the so. end is the date
1728. It must have been built by
Ideewitt Smith. The walls show
th originally the house was the
slong and-a-half type, wh. perhaps
Geo. Smith changed to the gambrel
roofed type after his inheritance
in 1804.
